{Letter to Republican Congressmen}

Dear Congressman _____

The treatment of the January 6th prisoners is now a crime itself which eclipses anything they might have done on that day.

These prisoners have been:

- denied bail for no good reason
- denied legal counsel that is on their side
- denied necessary medical care
- denied adequate nutrition
- denied normal hygiene
- denied visitation by family or friends
- denied access to exculpatory evidence
- denied an obviously necessary change of venue
- beaten and abused by guards for no reason

If animals were being treated this way it would be considered felony animal abuse. If terrorist in Guantanamo were treated this way it would be an international crime against humanity. Yet these are judicially innocent American citizens including some of your own constituents.

All of this has gone on in plain view for over two years. Several have been driven to suicide. Families have lost everything and suffered greatly. I am not telling you anything you do not already know.

I am a loyal, hard-working Republican who constantly gives time and money to support you and our party. It is my request that, especially now with control of the House, you will do everything in your power to correct this monstrous injustice.

{Letter to Democrat Congressmen}

Dear Congressman _____

The treatment of the January 6th prisoners is now a crime itself apart from anything they might have done on that day.

These prisoners have been:

- denied bail for no good reason
- denied legal counsel that is on their side
- denied necessary medical care
- denied adequate nutrition
- denied normal hygiene
- denied visitation by family or friends
- denied access to exculpatory evidence
- denied an obviously necessary change of venue
- beaten and abused by guards for no reason

If animals were being treated this way it would be considered felony animal abuse. If terrorist in Guantanamo were treated this way it would be an international crime against humanity. Yet these are judicially innocent American citizens including some of your own constituents.

All of this has gone on in plain view for over two years. Several have been driven to suicide. Families have lost everything and suffered greatly. I am not telling you anything you do not already know.

I appeal to you to use your influence to correct this injustice and this inhumane treatment of our fellow citizens.
